Anyone who asks for this volume, to read, collate, or copy from it, and who appropriates it to himself or herself, or cuts anything out of it, should realize that (s)he will have to give answer before God's awesome tribunal as if (s)he had robbed a sanctuary. Let such a person be held anathema and receive no forgiveness until the book is returned. So be it, Amen! And anyone who removes these anathemas, digitally or otherwise, shall himself receive them in double.

PREFACE

Our Church remember the Crucifixion of Jesus the Saviour of all mankind in a befitting manner especially in the Passion Week every year. The solemn services in the Church during this week is sublime and serene. Most of our people residing out side Kerala find it difficult to follow the hymns sung during the Passion Week, as they are out of touch with Malayalam. When I found the helpless situation I thought of making the hymns in English Script so that they can follow the songs easily. Hence this book.

His Grace Job Mar Philoxenos the Metropolitan of the Delhi Diocese, has graciously favoured with a forward to the publication of this book. In this connection I express my deep gratitude to Thirumeni for his paternal love, blessings and his kind gesture.

I pray to Almighty God that this book may be a help to many to participate fully in the holy Services during the Passion Week.

IN THE NAME OF THE FATHER, SON AND THE HOLY GHOST, THE
ONE TRIUNE GOD FOREVER AND EVER.AMEN

Blessings to all the Members of our Church

Dearly beloved

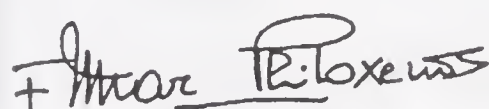

I have just gone through the transliterated version of the "**Passion Week Songs**" by Mr. T. Daniel, Kudassanad. I had also an occasion to go through another work "**The Living Sacrifice**", the interpretation of the "Holy Qurbana Kramam", Published by Mr.T. Daniel and written by his friend Mr. C. V. Varghese, Pandalam. This book has been found very useful to children who can understand Malayalam, but do not know how to read and is widely used in all our churches outside Kerala.

I hope this book too will prove to be of great help to these people who are otherwise incapacitated to understand meaningfully the theological content of these songs and the piety and devotion, they evoke in the faithful.

May be due to the short time at his disposal, there are certain mistakes found here and there, which I hope, he will be able to correct by the time the scripts go to the press.

I appreciate the efforts of Mr. Daniel and hope that the book will receive the same kind of approval the other book has received.

May God bless you
